> What the People Demand. The following paragraph from an able editorial in New York Times expresses our sentiments exactly:

"The people are impatient for military ac possible, with the intention of getting into op- tion. They do not and cannot understand the necessity or the wisdom of these protracted By an arrival at New York late advices from and repeated delays. Least of all can they nuderstand why our army should be less able to move rapidly than that of the rebels. It has everything essential to prompt and vigorons action,-ample transportation, abundant supplies of all kinds, and whatever else the emergency may require. Yet it always waits weeks and sometimes months after an engagement, before moveing forward to reap its fruits. The public was never in a more patient mood and surred honor to support the Government than now. Its confidence in Gen. McClellan in its efforts to crush this unboly rebellion. has been renewed by his expansion of the reb. has been renewed by his expolsion of the reb-States of America."

But they want acti n. They cannot see why

Saving Seed Corn. There is hardly any one thing more impor

more, then turned west to Frederick City, ma- of seed of the various crops. When we conking some 10 miles per day, over a rolling and sider the influence which the seed has upon the ancient country, with here and there a dilapi- crop, both in quantity and quality, and the dated village, presenting nothing attractive to consequent effect upon the profits of the farm, the traveller. At Frederick City we encoun- we may well be surprised that more attention the traveller. At the state of the enemy and had a little brush with is not given to so important an item in the

(branch of the Blue Ridge,) where they made Now is the time for saving seed corn. There The Chicago Tribune hits the rail on the a firm stand, and on Sunday morning, Sept. are as many ways of doing this, almost as 17, commenced the most destructive battle of there are farmers, each baving a way peculiar sent of both sections to a proposition that, in Gen. Cox's Division was on the left and the ears, taking care to reject all which are not in the President's emancipation proclamation the abstract, none will dispute. Let both the 30th Regiment in the advance. Before 9 a. m., all respects first-rate. Others will do the partion of the officers in our army and would a day's wages therefor, and the whole thing is ous, and musketry could be heard every few of the seed, and then perhaps allowing the

the proclamation, and as regards the prominent ones it is well knows that the great mass more of it, and steal it to better advantage in all night, extracting Minnie balls, fragments from staks producing two or more ears, will flects much credit on those who instigated it. Should it be entirely accomplished. One will have batone class of troops in the field, instead of two, as will be the case of most like instead of two, as will be the case of most like instead of two, as will be the case of most like instead of two, as will be the case of most like instead of two, as will be the case of most like instead of two, as will be the case of most like instead of two, as will be the case of most like instead of two, as will be the case of most like instead of two, as will be the case of most like instead of two machines.
